Other problems/concerns: No Yes If yes, please describe: _____

Parental Consent for School-Based Health Center Services

I grant permission for my child _____ to enroll in the Rales School-Based Health Center at KIPP Baltimore. I consent to my child receiving school-based health center services that can include physical examinations, treatment for acute and chronic health problems, health education, mental health counseling, and limited diagnostic tests. I understand that if I cannot attend a visit, my child may be seen alone. I understand that school-based health center staff will try to contact me before unscheduled visits. For scheduled and unscheduled visits, I will get a written summary and staff will tell me about the visit, if I can be reached.

I understand that Maryland law allows a minor to give consent for treatment or advice about drug abuse, alcoholism, sexually transmitted diseases, pregnancy, and treatment or advice about birth control. A minor 16 years or older may consent to mental health services. Under these circumstances, only information necessary for billing purposes or as required by Maryland law will be released outside the health center.

I give consent for the submissions of all claims from the school-based health center, if applicable, to my private insurer, managed care organization (MCO) or health maintenance organization (HMO) and authorize direct payment to JHU for any benefits due. I understand that if my child is registered with a MCO through Medical Assistance, he/she can still receive treatment for acute or urgent health problems from the school-based health center. A summary of the visit will be sent to the primary care provider/private insurer/MCO/HMO.

Parent/Legal Guardian Name (Print): _____ Relationship to Child: _____
